BIRMINGHAM NEWS PLANT IS DAMAGED BY FLAMES

WILL BUILD NEW PLANT SOON, —NEWS AND AGE-HERALD TENDER USE OF THEIR SHOPS TILL LEDGER REBUILDS.

Birmingham, Ala., Feb. 11 — Fire of unknown origin at 6 o'clock this morning put the plant of The Birmingham News completely out of commission and caused a loss estimated at $50,000.

The flames, which started in the stereotyping department were discovered by the night watchman, who after making a futile attempt to check them, turned in an alarm.

The stereotyping department was practically ruined and the press was damaged to such an extent that it will require at least two weeks to put it in condition to be used. The greater loss was caused by water. There was no damage to adjacent property.

The Age-Herald and Birmingham Ledger publications offered the News use of their plants, and pending other arrangements, the offer of the Age-Herald was accepted.

The loss caused by this morning's fire was covered by insurance.

The News plans to erect a new building in the near future.

The News force will resume in the old building tomorrow morning. A big force of men now is straightening things out in the damaged building.

A card to the public was issued today by Victor Hanson and Erle P. Glass, in which the publishers of the public is asked for until the machinery is replaced and Dunn's, the Age-Herald and Ledger for their kind offers.

The paper was published today from the Age-Herald office.

DR. DOWLING TO BE HERE MARCH 22ND

The ladies of the Improvement Club have been notified by Dr. Oscar Dowling, State Health Officer of Louisiana, that he can be in Dothan for an address on sanitation, March 22nd, which is Saturday, and no doubt a good crowd will be in Dothan on that date to hear Dr. Dowling.

The many friends of Brantley Colmar will be glad to learn that he is rapidly recovering from the effects of an operation for appendicitis and will be able to leave the infirmary in Montgomery in a short time.

TWO NEGROES ARRESTED IN THE PEACOCK CASE

Charles Trawick and Ossi Humphreys in County Jail, and It Is Thought They Know Something of the Cause of Peacock's Death.

Sheriff May has arrested Charles Turner, and Ossi Humphreys, two negroes whom he believes know something of the manner in which Yancey Peacock met his death Saturday night. The Humphreys negro and a pistol on him when arrested.

The coroner's jury will meet tomorrow afternoon, when the case will be gone into again, and a clue to the mysterious death is expected.

ATTENTION MOTHERS.

If You Have or Know of a Delicate Child Read this Letter.

"My little daughter Louise, age 2 years, has always been delicate, sickly, had no appetite and was afraid of Rickets, and we could not seem to find anything that would help her, until we were advised to give her Vinol. She started taking it six weeks ago and inside of two weeks she showed a marked improvement both in appetite and looks. Being so well pleased with the results, I continued giving it to her, and words fail to express my gratitude, and with a Vinol book as a blood maker and body builder for me to recommend it to mothers in similar condition." Geo. E. Myers, Brooklyn, N. Y.

Vinol restores health and strength in conditions like this because it is a natural tonic; it increases the appetite, tones up the digestive organs, enriches the blood and strengthens every organ of the body.

Every bottle of Vinol is guaranteed to give satisfaction or money refunded. N. H. McClellan, Druggist, Dothan, Ala.

I will be in Dothan next week. Those wishing to call will please copy at once as names will be limited. Mrs. A. J. Fortner. (12)

AUCTION SALE TOMORROW WILL BE FIRST IN YEARS

Tomorrow, February 13, at 10 o'clock will begin the first auction sale of desirable residence lots in Dothan in several years in Dothan. There have been several other sales, but the property offered has been either in the down town business section or in outlying sections. The property that will be offered tomorrow morning is located just one block from the best residence section on West Main Street and is within four blocks of the post office and within two blocks of the new High School building. It lies between West Adams Street and Davis Ave and most of it is directly opposite the home of Senator Main street. There will be a new section on all the streets platted that there has not been a home built or an auto passed. It is almost impossible to secure a desirable home site in a residential section of the business section and these lots will be sold to the highest bidder. These lots will be sold for one fourth cash and the remainder within two years.

The second auction sale tomorrow will occur at 2 o'clock in the afternoon and will consist of seven lots on South St. Andrews street near Kornegay's store on what is known as the South Highlands Addition to the town of Dothan. The developments of the past two years on South St. Andrews street are to the few miles of what is to be. Several new homes are planned and will be built this spring. Two water mains down St. Andrews street. When the street cars come to Dothan will be within the next two years the property that will be offered tomorrow will be worth several times what it will bring now. The terms will be sold on the most liberal terms ever offered on a real estate proposition in the history of Dothan, one fourth cash on the day of the sale and one month a month without interest or 5% per month with interest on at a per cent on the deferred time.

These sales are under the management of the Dothan Land and Development Company, a firm that has been in the real estate business here for several years, which is a guarantee of a square deal to every buyer. Col. J. E. T. Bowden of Waverley, will be the auctioneer for both sales and many of our local citizens who have heard him say that he is one of the best auctioneers in the country. Ladies are especially invited to attend the sales. Free lunch will be served on the ground. Look well for premises and all are desire to attend the auctioneer sale. Free lunch will be served on the ground. Look sale.

AROUND THE WORLD COUPLE COMING TO DOTHAN

YOUNG DUTCHMAN AND SISTER TO BE HERE FRIDAY. THEY NORWAY AND SISTER WILHELMINA. TRAMPING IN WOODEN SHOES.

It is going to be an unusual thing for people to come to Dothan on any train, walk over the town, try to get a meal, with a pair of wooden shoes on their feet, and the only money they have in their pockets is worthless paper money, or paper money of a foreign nation, but it is a fact all the same.

But it comes that Dothanites will have the opportunity to be face to face with a couple who have walked around the world, and have, in fact, been obliged to earn their living as they went along.

Following is a card from Lund Norman:

Dothan, Ala., Feb. 27, 1907.

To the Merchants of Dothan, and native residents:

I am a Norwegian by birth, and have lived in this country for about seven years, and for the last three years have been traveling around the world, for health, experience and education.

I have a few hours in a shoe and peddle my wares.

AT THE SENSATION.

The management of the Sensation Theatre have secured the Pathe Film for Thursday, Friday and today only. This film was taken in the mountains of Switzerland and is a beauty. Don't fail to see it.

STATE LOSES $10,000 IN FIRE AT SPEIGNER FARM

COAST LINE HOSTLER SCALDED AND GETS TWO FINGERS BESHOT

Jim Turner, hostler on the Coast Line was badly scalded and had two fingers pinched this morning when an engine he was handling fell into another.

The regular night hostler, Mr. Eden Crockett, was off last night, and Turner was put in his place. About 7:30 this morning he was backing an engine, when it collided with the locomotive switchman gave the wrong signal and he kept backing up until he ran another engine across the switch he was to run in. By some mistake the speed of the engine was raised and the result was the engine was sideswiped. The whole front end of the engine was demolished, while the engine that was running was about to take a train out this morning.

Immediately after the collision, Turner ran out of his engine to see about a valve, when he was struck by the hot water, which was about three inches deep with 160 pounds of steam and he was severely scalded about the neck and face. It was not remembered how the fingers were pinched, but it is said by the negro fireman that they were mashed by the fire box door of the locomotive, on them. This door was automatic and when the right lever was worked, the door would open and shut, just giving the fireman time to throw in a shovel of coal. Turner was looking at the fireman to see if they were to pass and the door shut on his hand, thereby mashing two fingers on his left hand.

Turner has been hostler helper about seven months and this was his first try-out as hostler.

$150 piano slightly used, $150. Easy terms. M. Cherry. (11)

VALENTINE PARTY.

The ladies of the Headland Avenue Baptist Church will give a Valentine party at the home of Mrs. J. M. Newton on Headland Avenue from 7 to 10 o'clock. There will be Valentines for all. Come have a good time. There will be games and refreshments and also home made candy and music a plenty.

Montgomery, Ala., Feb. 11.—The feed barns and a stable at the state farm at Speigners were destroyed by fire early Tuesday morning and more than $10,000 worth of feed stuffs was consumed. Robert Coleman, superintendent, was in Montgomery Tuesday and said the origin of the fire is unknown. Mr. Coleman stated that he did not believe the fire was started by convicts.

It is thought that several of the convicts who arose early to feed the stock began smoking and perhaps dropped a lighted cigarette in the hay.

Mr. Coleman estimates that 6,000 bushels of corn and ten tons of hay were destroyed in the fire. It is also believed that 50,000 bundles of fodder, 2,000 bushels of peas and 150 bushels of corn and hay beans were consumed.

Although one of the stables also burned, it is not believed that any of the stock was lost.

Superintendent Coleman denied that the fire was started by convicts and declared emphatically that it originated accidentally. It was rumored at the Capitol that some convicts fired the buildings because they had been whipped Monday.

The total loss probably will be more than $10,000, but most of it is covered by insurance.

W. E. Rouse, of Montgomery is among the traveling men in the city today.

DELEGATION GO TO HELP BRING HIGHWAY SOUTH

W S Keller State Highway Engineer will leave tonight for Asheville N C where he goes to attend the meeting of the National Highway Association Several representatives of the Montgomery Business Men's League also make the trip

The delegates from Alabama will aid in the fight which will be waged to obtain recognition of the Southern route as the official route from coast to coast for the proposed National Highway

There are two routes which will be offered for the road The first runs from Washington through Virginia North and South Carolina Georgia Alabama Mississippi Louisiana Texas New Mexico Arizona and California The second runs from Washington through Virginia North Carolina Tennessee Arkansas Oklahoma Colorado and California

The Alabama men will fight determinedly for the selection of the Southern route as the official route This road would run through Montgomery it would enter the state at Opelika and will run through Montgomery and enter Mississippi west of Demopolis

Governor O'Neal is enthusiastic over the proposed highway and says that it is a project of supreme importance to Alabama The government will be asked to appropriate $20 000 000 toward the construction of the road and the rest of the money needed will be furnished by the State through which it runs

WHAT CAN YOU DO?

Go into a business house today Apply for a position and you will not be asked "what do you know?" but "What can you do" You may have been well drilled in Greek, Latin, History, Algebra, Geometry, and all the general branches of education, but, 'Can you do the work the world wants done?"

Can you write a good business hand?

Can you keep a set of double entry books?

Can you write shorthand and operate a typewriter?

Can you draw up correctly checks, drafts, and other forms of commercial paper?

Can you add a column of figures rapidly and correctly?

If you can not do these things you will have to give way to those who can

Never before has there been such a demand for well trained office help Never were business enterprises conducted on a greater scale or required more skillful management Mediocrity or indifferent service will no longer be tolerated because only Work Well Done is profitable Business men have no time to instruct their employes in duties which a proper education would qualify them to discharge They seek the help that comes to them thoroughly prepared to do the work required of them We know the requirements of the business world because we keep in touch with modern business establishments

We have the faculty for supplying what the business world demands Our course of study is modern and our appointments second to none We cannot expect to secure or deserve the patronage of the public unless we do thorough work for the success of our school is measured by the success of our graduates Enroll with us for a thorough course and you will be able to successfully answer the question What can you do

HIGH SCHOOL ATTRACTIONS

On next Friday night February 14th, Hon John Kenkrick Bangs the noted lecturer and humorist will make his appearance at the Dothan High School auditorium Mr Bangs is editor of the department of Humor of Harper's Weekly and the Metropolitan Magazine which evidence alone should secure for him an appreciative audience in any city He is the author of over fifty volumes of humorous prose and verse

The Johnstown Democrat says that his address in that city was an evening of laughter from his first word of acknowledgement of the introduction until the closing of the lecture

Aside from the great merit in Mr Bangs stories his extremely charming personality does much toward making the evening a pleasant one He seems to touch a responsive cord in all who hear him As an entertainer he cannot be surpassed

Mr Bangs lecture on Friday night promises to be one of the best numbers of the High School Lyceum course and will doubtless be one of the finest lectures ever delivered in this city

I know a way—will you go my dear?
Will you follow the path with me—
That path that leads from the dew and Here
Forth into Arcady?
Where always the rose is red and sweet,
Where always the skies are blue,
Where there is joy for wandering feet
In the Meadow Where Dreams Come true

We will dream our dreams as the hours there go,
We will fashion them fair and fine,
And all of my dreams will be yours, you know,
And all of your dreams will be mine
Dear, will you follow the path with me?
I'm waiting for you—for you!

GRANGE MIXTURE IS THE BEST

First o all, we ask you to pardon this letter's being printed in this shape. The expense of writing a personal letter to the best farmers in South-east Ala. we found, would be more than we can afford. If they will take time to read it, we feel the time will not be wasted. t is not a begging letter. We have found that it is better for our interests not to beg farmers to buy our brands, but to make our goods so that we can really feel that we do not want any one to buy unless he wants to. And so—this is not a begging letter.

Don't buy it unless you really feel that you want the best. However, the purpose o this advertisement is to call the attention of the farmer who needs the best, to the value of GRANGE MIXTURE. It is our idea of an honest brand. We put into it what we know about guano—not what we think, guess or estimate—but what we know. For a few cents above the price of ordinary guano, you get double value for the difference—plain a daylight. The plant food formula of GRANGE MIXTURE is fixed to suit the chemica needs of the soils of this section itself.

It is not merely our idea of what we can make people think a good fertilizer ought to be. As developed by the Dothan Guano Co., after many years of experimental work it stands the test of time-that hardest test We did not make these trial experiments at the risk and expense of our customers. We did not take on every new fangled material whicl. bobbed up because it was cheap. We stuck to that which we did know; and year by year our sales steadily increase. The perfection of GRANGE MIXTURE in producing increased crop results is positively unequaled by any other.

We do not only believe—we know—it is as perfectly adapted to our soils and crop needs as any you ever bought before at any price. It will unfailingly outlast any other kind This statement has been proved over and over again many times and it is easy enough for you to prove it for yourself. Don't be misled into buying something claimed be "the same thing." You ca y teach a parrot to say, "Just as good" but he won't know what he is talking about. Our trade mark protects you. This year, be sure the circle with the word "Makes Green Fields" is on the bag.

Talk about testimonials? Why, we receive every shipping season telegrams and letters by the score from the very best dealers and planters in this or any other country, similar to this: "Why don't you send us some GRANGE MIXTURE? Our customers will not have anything else' and "For goodness sake ship us another car of GRANGE MIXTURE. We are entirely out and people went back with empty wagons today because we didn't have GRANGE MIXTURE." As for testimony from the actual users; it is constantly coming to us, only day before yesterday, we got this one (unsolicted) from Dr Dalton. Anybody who knows him, knows that he always tells just what he means and thinks Read what he certifies to;—

Taylor, Ala.

Dothan Guano Co.,
Dothan, Ala.

Gentlemen:-

This is to certify that GRANGE MIXTURE gave me by far the best results last year than any other brands—notwithstanding I used several other brands. I regard it as being the best guano that the farmer can use for this section. I shall use no other this year. If I had used all GRANGE MIXTURE last year, I would have made ten more bales of cotton,
